English
Urdu

PROJECTS

- Complete Blog Project**
Created a full-stack blog project on MERN stack with author dashboard, post management, likes, and comments functionality.
- E-commerce (MERN)**
Developed a feature-rich E-commerce website using MERN stack with responsive design, secure payments, robust admin panel, and 'Add to Cart' functionality.
- Portfolio (MERN)**
MERN portfolio with admin panel: Showcasing my skills, projects, and achievements while demonstrating proficiency in full-stack web development and management.
- Expenses Management System**
"Expense Management system tracks, categorizes, and generates spending reports, aiding users in controlling their expenses efficiently."
- Todo on MERN stack**
A simple Todo application on MERN stack is a project that allows users to create, view, update, and delete tasks that they need to complete.
- PHP Modules for Clients on Drupal 7 & 9**
I develop custom PHP modules to meet the specific needs of clients.

Note: All projects are privately hosted on GitHub, but the blogbooth project is publicly accessible for interview purposes. Link: <https://github.com/malikarslanasif131>

EXPERIENCE

- FigOver** Apr-23 - Present
